SKILLS

- Problem-solving
- Teamwork
- Responsibility

EDUCATION

- Multiplatform Application Development (MAD)
IES Oretania - Linares, Jaén
2021-2023

ABOUT ME

I'm a multiplatform app developer. I specialize in developing native Android and iOS apps. During my career, I've also worked on hybrid and native apps using React.

WORK EXPERIENCE

Android and iOS App Developer

H2TIC
2021 - 2023

This is where I started developing Android and iOS applications during my Dual Training program at IES Oretania.

Multiplatform Application Developer

Indra Solution - Minsait
2023 - Currently

In this position, we develop and maintain the CaixaBankNow banking app. We also develop applications with React for Caixa's work environment. I have acquired new knowledge of Android and web development technologies.

TOOLS

- Android Studio (Java, Kotlin, Jetpack Compose y XML)
- XCode (iOS, Swift, UIKit y SwiftUI)
- Visual Studio (Web Development React)
- Agile Tools (Scrum)
